STRATEGIC CONSULTING SOLUTIONS THAT DRIVE PERFORMANCE, COMPLIANCE, AND SUSTAINABILITY.

FIRM SUMMARY

GC Green, Inc. (GCG) is a certified Woman, Native American, and Service-Disabled/Wounded Warrior Veteran Owned Business.

Our consulting services are focused on engagements for water/blue-tech, energy efficiency, renewable energy, and resiliency solutions. Our clients include electric, gas, and water utilities companies; private industry clients; tribes; research institutions; and local, state, and federal government agencies. We perform both as a prime contractor and subcontractor.

We love to team! GCG is a perfect partner to develop new business models and approaches to deploying energy initiatives and technologies. We partner with a broad spectrum of energy industry professionals, financiers, builders, and technology providers to address emerging issues in energy and sustainability markets.

WHY CLIENTS CHOOSE GCG

TEAM OF EXPERTS
Industry professionals with deep technical, regulatory, and operational experience.

PRACTICAL SOLUTIONS
Data-driven strategies tailored to your organizational goals and challenges.

COLLABORATIVE PARTNER
We work alongside your team to deliver results that last.

MEASURABLE IMPACT
Delivering value through efficiency, sustainability, and performance.
