

★ POWERED BY VETERANS ★
a GC Green company

NATIVE AMERICAN OWNED • VETERAN OWNED • WOMAN OWNED

CAPABILITY STATEMENT

GCG FLEET SOLUTIONS

SMART FLEETS. STRONGER COMMUNITIES.

GCG Fleet Solutions helps agencies, organizations, and communities build, fund, and operate efficient, sustainable, and cost-effective fleets. From planning to deployment and beyond, we provide end-to-end support that drives results and advances a cleaner future.

TRUSTED PARTNER

Tribal, Veteran, and Woman-Owned Clean Energy Platform

PROVEN EXPERIENCE

Supporting Fleets, Agencies, and Communities

CLEANER FUTURE

Driving Sustainable Transportation Forward

END-TO-END SUPPORT

From Planning to Deployment and Beyond

OUR SERVICES

FLEET PLANNING

Evaluate routes, duty cycles, operational requirements, and fleet goals.

VEHICLE SOLUTIONS

Brand-neutral guidance to help identify the right light, medium, and heavy-duty vehicles.

FUNDING ASSISTANCE

Guidance on programs such as HVIP, ISEF, utility incentives, and other available funding opportunities.

INFRASTRUCTURE COORDINATION

Support with charging infrastructure, electrical planning, utility coordination, and site readiness.

TRUCKING AS A SERVICE (TAAS)

Flexible fleet pathways that may include vehicles, infrastructure, funding, lease options, and deployment support.

OUR APPROACH

1 ASSESS

Understand your fleet needs, operations, and goals.

2 PLAN

Develop a customized strategy for vehicles, funding, and infrastructure.

3 DEPLOY

Coordinate vehicles, infrastructure, and resources for seamless deployment.

4 SUPPORT

Provide ongoing support, reporting, and optimization for long-term success.

REPRESENTATIVE PAST PERFORMANCE

TRIBAL & PUBLIC AGENCIES

Fleet assessments, vehicle procurements, and infrastructure planning support

UTILITY & CLEAN ENERGY PROGRAMS

Infrastructure coordination, utility program navigation, and fleet electrification support

SCHOOL DISTRICTS

Electric school bus planning, funding support, and charging infrastructure guidance

COMMERCIAL & FLEET OPERATORS

Vehicle strategy, funding assistance, and cost optimization

CONSTRUCTION & SERVICE FLEETS

Fleet right-sizing, TAAS models, and deployment support

WHO WE SERVE

- Small Fleets
- Owner Operators
- Commercial Trucking Companies
- Tribal Governments
- Public Agencies
- School Districts
- Utilities
- Construction & Service Fleets
- Institutional Fleets

WHY GCG FLEET SOLUTIONS?

BRAND NEUTRAL

We focus on finding the right solution, not promoting a specific manufacturer.

FUNDING FOCUSED

We help identify opportunities that may reduce vehicle and infrastructure costs.

GUIDANCE FROM PLANNING TO DEPLOYMENT

We help simplify the path from concept to implementation.

INFRASTRUCTURE READY

Through the GCG network, projects can connect vehicles, infrastructure, utilities, and deployment support.

PROGRAMS WE HELP NAVIGATE

HVIP

Point-of-sale incentives for eligible zero emission trucks and buses.

ISEF

Support for small fleets and owner operators (20 or fewer vehicles and < \$15M annual revenue).

UTILITY INCENTIVES

Charging and infrastructure incentives may be available based on your location and utility.

Additional programs may be available to support vehicles, infrastructure, and deployment.
